

NATIONAL PARKS IN THE USA

- ❶ North Cascades
- ❷ Redwood
- ❸ Yosemite
- ❹ Yellowstone
- ❺ Bryce Canyon
- ❻ Rocky Mountain
- ❼ Grand Canyon
- ❽ Hot Springs
- ❾ Great Smoky Mountains
- ❿ Everglades

Group and research work (max. 5 students)

Choose a national park from above and find out information about:

- ❖ location: (state, area, size, road/travel information, shuttle/bus service...)
- ❖ activities: (sights, biking/hiking / horseback riding ...)
- ❖ wildlife: (animals, safety information) / plants (trees...)
- ❖ fees/contact: (entrance, guides, lodging, activities, brochures, maps...)
- ❖ what you can do: (jobs, junior programs, volunteers, chat, newsgroups, studies...)

Gather information and **present them** to your classmates.

Use a **word processor** (hand out); **presentation progr.** or the **internet** (homepage) to present your results.

You can **use the following addresses:**
